

Spa Professionals Workshop

Parlors and Spas have several professionals trained at Institutes that teach them the Basics of Spa therapy, Skin care and Massages. Our course is intended for such Professionals as well as women/men who run their own private Spa practice.

The Course is intended to help such professionals understand:

- Skin pH and Skin conditions better
- What are safe and unsafe practices in hand care, foot care, Massages
- Anatomy based Deep Tissue Massage techniques which help Spa professionals deliver better services
- Better Scalp releases techniques

And several skill sets that will revolutionize your client's Spa experience.

Come learn under Dr Pinto to deliver better services to your clients. Connect with us at info.dpinto@gmail.com OR getgutgoing@gmail.com to know about the Course Content, Registration and other details today!
